

Home Learning Activities – Year 5

Monday 15th – 19th June

Hi again everyone,

I hope that you and your families are well.

Over the course of the lockdown we have all been touched by some of the amazingly selfless things that people have done for others. Sadly, we have also had to witness some of the atrocious things that people have done to others. At this time, I am reminded of the words of Mahatma Gandhi: *“Be the change you wish to see in the world.”* Everything starts with ourselves – never think for a moment that you can’t make a difference in this world of ours. You have been put on this Earth for a reason, so make sure that you shine as bright as you can, for a better today and tomorrow for everyone.

Here is your work for this week:

Monday 15th June

1) English

See ‘English Activity Day 1’, in this week’s resource list.

(The answers, for today’s activity are included at the end of the pack, so no peeking until you’ve completed it!) 😊

2) Maths

Divide with remainders

- Enter this website: <https://whiterosemaths.com/homelearning/year-5/>
- Click 'Summer Term - Week 3 (w/c 4th May)' then focus on 'Lesson 3'
- Click on the video, which teaches you how to work it out
- 'Get the activity' = the tasks

- 'Get the answers' = the answers, so that you can mark your own work – but no peeking until you've attempted the questions! 😊

3) Science

Healthy Lifestyles – part 1 (research)

Continuing with our topic on the animal kingdom, today you will learn about a healthy lifestyle.

Carefully read through the power point presentation, in this week's resource list. Make sure that you take notes, as you read through the presentation, using the planning sheet from this week's resource list or your own piece of paper, if you are not able to print it out – you will need these notes to produce an information booklet, later this week. (Make sure that you keep your notes safe, for when you'll need them, on Thursday.)

Tuesday 16th June

1) English

See 'English Activity Day 2', in this week's resource list.

2) Maths

Calculate perimeter

- Enter this website: <https://whiterosemaths.com/homelearning/year-5/>
- Click 'Summer Term - Week 3 (w/c 4th May)' then focus on 'Lesson 4'
- Click on the video, which teaches you how to work it out
- 'Get the activity' = the tasks
- 'Get the answers' = the answers, so that you can mark your own work – but no peeking until you've attempted the questions! 😊

3) Computing

Algorithms – Going Wild

In this activity, you will programme a homemade bee to move towards flowers by creating a short sequence of instructions (an algorithm).

See the activity instructions and in this week's resource list

Wednesday 17th June

1) English

See 'English Activity Day 3', in this week's resource list.

2) Maths

Calculating area

- Enter this website: www.bbc.co.uk/bitesize/articles/zh9brj6
- Watch the 3 videos
- Complete activity 1 and activity 2, which can be found at the bottom of the above web page. (Click on 'click here' for the answers – but no peeking until you've answered the questions! 😊)

3) Creative Learning – battle of the robots

See the sheet in this week's resource list, to build a fantastic pellet-shooting junk robot whilst practising measuring, working with averages, decimals and data (Please remember to ask an adult at home, before you use any materials for this task).

Thursday 18th June

1) English

See 'English Activity Day 4', in this week's resource list.

2) Maths

Area of rectangles

- Enter this website: <https://whiterosemaths.com/homelearning/year-5/>
- Click 'Summer Term – Week 4 (w/c 11th May)' then focus on 'Lesson 1'
- Click on the video, which teaches you how to work it out
- See this week's resource list for 'Maths Tasks and Answers'. (No peeking at the answers, until you've attempted the questions! 😊)

3) Science

Healthy Lifestyle – part 2 (producing information booklet)

Continuing from your learning on Monday, about healthy lifestyles, you will use the research notes, that you made, to produce an information booklet.

Your booklet will need to be organised into different sections, with appropriate headings (i.e. what is a healthy diet?, what is the impact of a healthy diet?, what is the impact of regular exercise?,).

Think about how you set the information out on each page of your booklet, to make it look appealing for the reader, as well as being highly informative – pictures will be a great addition, but remember to add suitable labels and captions to make these clear.

Finally, the booklet will need to have a well designed front cover, with a clear title.

Friday 19th June

1) English

See 'English Activity Day 5', in this week's resource list.

(The answers, for today's activity are included at the end of the pack, so no peeking until you've completed it!) 😊

2) Maths

Equivalent Fractions

- *Enter this website: www.bbc.co.uk/bitesize/articles/zv798xs*
- *Watch the 2 videos and read the extra information which has been included.*
- *Complete activity 1 and activity 2, which can be found at the bottom of the above web page. (Click on 'click here' for the answers – but no peeking until you've answered the questions! 😊)*

3) Music

Singing in harmony

- *Use the following link to access this music lesson:*

<https://www.thenational.academy/year-5/foundation/singing-in-harmony-year-5-wk5-5>

- Click 'Start Lesson' and watch the video that introduces the activity
- Now, complete the task according to the instructions.

Scholastic Reading Pro Library

I hope that you've managed to read some e-books, using the Scholastic Reading Pro library. See the school website for information, if you haven't logged in yet:

www.stsaviours.lewisham.sch.uk/home_school/scholastic-home-reading-library/

A big well done to Chinazo, Darson and Johnny for reading some of the books that I assigned, from the Scholastic Reading Pro Library, keep up the hard work!

I've added a new book, based upon our Animals & Humans science topic, for you to enjoy. The title is:

- ***Making Smart Choices***

Please try to read this e-book, as well as any other books of your choice.

Here are three more great story and ebook websites:

<https://storyweaver.org.in/>

<http://www.loyalbooks.com/>

<https://www.storynory.com/>

Why not take a look? You're bound to stumble across something that you really enjoy - happy reading!

Miss Kelly's riddle of the week

Which 5 letter word becomes shorter when 2 letters are added to it?

Answer to last week's riddle:

Q. I'm as light as a feather, yet the strongest person in the world can't hold me for more than 5 minutes. What am I?

A. Breath.

Did you solve it? Well done if you did!

I'll be back in touch, with more work, next week, as well as the answer to 'Miss Kelly's Riddle of The Week'.

Don't forget to look at our school's website, under the 'Home School' tab for additional resources. Make sure that you keep reading and learning your times table facts. Also – if there is any work that you would like to share with me and the rest of the school community, then please email it to admin@stsaviours.lewisham.sch.uk with the heading "Home School" and then keep a look out for it on the school website, in the 'Home School Gallery' tab.

My continued best wishes are sent to you all – each and every one of you remain in my thoughts and prayers.

Cheerio and keep smiling!

Miss Kelly
