

St Saviour's RC Primary School

Pray Together, Learn Together, Stronger Together in Jesus

PE Grant Sustainability

At St Saviour's RC Primary we focus on the impact and sustainability of the grant.

In light of this we want our Provision to be sustainable should the grant cease to be given to schools.

Teaching of PE

Our Sports provision is delivered by Fit for Sport. Each class has two PE sessions per week, one with the PE Coach and one with the Class Teacher.

The provision offered by Fit for Sport is the majority of our grant to ensure sustainability by

- CPD for all class teachers. Class Teachers should always be present during sessions taught by the PE coach and this should never be used as PPA/Catch up time.
- Increased confidence, knowledge and skills of all staff in teaching PE and sports
- Skills Progressions – it is vitally important that staff see how skills develop and progress in Physical Education.
- Purchase of equipment to ensure adequate resourcing of all aspects of PE.
- To encourage increased participation in competitive sport with other schools and develop sustainable links
