

St. Saviour's RC Primary School

Autumn Term Parent Planner 2020/21

Class: 2	Teacher: Mrs Brown	Teaching Assistant: Mrs Dummett	PE Day: Mondays & Fridays
-----------------	---------------------------	--	----------------------------------

Dear parents and carers,Welcome back to a new school year. I am looking forward to teaching your children and meeting you. If you have any concerns at anytime please come and see me. We have a lot of new things to learn in Year 2. Please make sure **ALL** your childs uniform and P.E kit are labelled clearly with their name and class. Thanking you for all your support.

English:
In Literacy we will be looking at Samuel Pepys Diary and a range of poems. The children will be looking at newspapers and their features and using this to write about the Great Fire of London in our "London Town" topic.

Religious Education:
The children will be looking at The Creation story. They will also begin to understand the signs and symbols of Baptism and Confirmation. Also looking forward and preparing for Advent.

Maths:
The children will be counting on and back from any number in twos, fives and tens. They will be understanding Place Value of numbers, solving money problems, reading clock times, recognising 2D and 3D shapes and their properties. Also using the numberline in addition and subtraction.

Landmarks

London's Burning

Humanities: The children will be comparing London now to London in 1666 .They will also look at the events in the history of London from Roman times to present day. They will become familiar with London's landmarks. In Geography they will begin to learn and know the countries that make up the UK and look at some physical maps of London.

ICT: The children will begin to understand that computers and other digital devices are used to send messages and communicate. They will also begin to understand ways to stay safe online and who to turn to for help. The children will also begin to create their own set of Algorithms to follow and finish a task.

Art & DT:
Children to investigate colour mixing and rubbings in Art. Linked to science with Materials, design a bridge to cross the Thames.

Science: Everyday Materials/Seasons
Children will look at materials used in different types of buildings in London. Then compare building materials from long ago. The children will test a variety of materials and also identify why certain materials are used for their properties.

PE:
Team and ball games. Gymnastics.

Music:
Recognising and playing short and long sounds. Playing a range of instruments.

Computing:
Understanding and using technology safely.

Homework:
Homework is given out every Wednesday and must be returned on the Wednesday of the following week. Spellings to learn will be sent out every Monday, then there will be a test on Fridays. Hear your child read regularly. Handwriting will be practised.
