

St. Saviour's RC Primary School

Autumn Term Parent Planner 2021/2022

Class: 2	Teacher: Miss Osgood	Teaching Assistant: Mrs Dummett	PE Day: Wednesdays & Fridays
-----------------	-----------------------------	--	-------------------------------------

Dear Parents and Carers,
Welcome back to a new school year. I am looking forward to teaching your children and meeting you. If you have any concerns at anytime please come and see me. We have a lot of new things to learn in Year 2.
Please make sure ALL of your child's uniform and P.E kit is labelled clearly with their name and class. Thanking you for all your support.

English:

In Literacy, we will be looking at the story of Dick Whittington, Samuel Pepys Diary and a range of poems. The children will be looking at newspapers and their features and using this to write about the Great Fire of London in our "London Town" topic.

Humanities:

The children will be comparing London now to London in 1666. They will also look at the events in the history of London from Roman times to present day. They will become familiar with London's landmarks. In Geography, they will begin to learn and know the countries that make up the UK and look at some physical maps of London.

Art & DT:

Children to investigate colour mixing and rubbings in Art. Linked to science with Materials, design a bridge to cross the Thames.

Music:

Recognising and playing short and long sounds.
Playing a range of instruments.

Religious Education:

The children will be looking at The Creation story. They will also begin to understand the signs and symbols of Baptism and Confirmation. Also looking forward and preparing for Advent.

Landmarks

London's Burning

Science: Everyday Materials/Seasons

Children will look at materials used in different types of buildings in London. Then compare building materials from long ago. The children will test a variety of materials and also identify why certain materials are used for their properties.

Computing:

Understanding and using technology safely.

Maths:

The children will be counting on and back from any number in twos, fives and tens. They will be understanding the place value of numbers, solving money problems, reading clock times, recognising 2D and 3D shapes and their properties. Also, they will be using number lines in addition and subtraction.

ICT:

Use virtual experiments to test materials, so that they secure their scientific knowledge. In addition to this, using a range of programs to secure learning in other topics.

PE:

Team and ball games and Gymnastics.

Homework:

Homework is given out every Wednesday and must be returned on Mondays.
English, Maths and Weekly spellings to learn.
Reading regularly to an adult.
Handwriting should be practised.
