

St Saviour's RC Primary School

Pray Together, Learn Together, Stronger Together in Jesus

At St Saviour's RC Primary School, we are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

Vision Statement

Under the Equality Act 2010 schools should have an Accessibility Plan. The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that “schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation”. According to the Equality Act 2010 a person has a disability if:

- (a) he or she has a physical or mental impairment, and
- (b) the impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

The Accessibility Plan is listed as a statutory document of the Department for Education’s guidance on statutory policies for schools. The plan must be reviewed every three years and approved by the Governing Body. At St Saviour’s RC Primary School the plan will form part of the Building Contents Survey and will be monitored by the Headteacher and evaluated by the Governing Body.

The Accessibility Plan is structured to complement and support the school’s Equality Objectives, and will similarly be published on the school website.

St Saviour’s RC Primary school is dedicated to ensure that our environment and full curriculum values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, emotional and cultural needs. We continuously promote inclusion and awareness across the school.

At St Saviour’s RC Primary School we are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We believe that children should feel happy, safe and valued so that they gain a respectful, caring attitude towards each other and the environment both locally and globally.

Aims and Objectives

Our Aims are to:

- Increase access to the curriculum for pupils with a disability, medical condition or other access needs
- Improve and maintain access to the physical environment and take advantage of education associated services
- Improve the delivery of written information to pupils, staff parents/carers and other members of the school community

The Accessibility Plan has been developed and drawn up based upon information supplied by the Local Authority, and consultations with pupils, parents, staff and governors of the school. The document will be used to advise other school planning documents and policies and will be reported upon annually in respect of progress and outcomes.

Our objectives are detailed in the Action Plan below. However, this Accessibility Plan is not a standalone document, but should be considered alongside the following school policy documents:

- Disability Equality
- SEND Information Report
- Equal Opportunities
- Special Educational Needs & Disabilities (SEND) Policy
- Local Offer
- Safeguarding Policy
- Health & Safety Policy
- Staff related policies, e.g. risk assessments,

This plan will be used to advise and inform future planning documents and policies.

We aim to ask about medical and special educational needs, as well as any concerns parents may have in early communication with new parents and carers. For parents and carers of children already at the school, we collect information on disability on a regular basis through discussions with parents and outside agencies.

The Accessibility Plan is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website. We understand that the Local Authority will monitor the school's activity under the Equality Act 2010 (*in particular Schedule 10 regarding Accessibility*) and will advise upon the compliance with that duty. The Accessibility Plan will be published on the school website. The Accessibility Plan will be monitored through the Governor and implementing this Accessibility Plan. The Accessibility Plan may be monitored by Ofsted during inspection processes in relation to Schedule 10 of the Equality Act 2010.

St Saviour's RC Primary School is committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, spiritual, emotional and cultural needs. We are committed to adhering to the principles of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the school.

St Saviour's RC Primary School's Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school within a given timeframe and anticipating the need to make reasonable adjustments to accommodate their needs where possible and practical.

The St Saviour's RC Primary School Accessibility Plan relates to the key aspects of physical environment, curriculum and written;

- Increase access to the curriculum for pupils with a disability, adapting the curriculum as necessary. This includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits- it also covers the provision of specialist or auxiliary aids and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe (*If a school fails to do this they are in breach of their duties under the Equalities Act 2010*).
- Improve and maintain access to the physical environment of the school, adding specialist facilities as necessary – this covers improvements to the physical environment of the school and physical aids to access education within a reasonable:
- Where needed, adapt the delivery of written information to pupils, staff, parents and visitors with disabilities; examples might include adaptations to hand-outs, timetables textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe.

Whole school training will recognize the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

The Accessibility Plan for physical accessibility relates to the Access Audit of the school, which remains the responsibility of the governing body. It may not be feasible to undertake all of the works during the life of this accessibility plan and therefore some items will roll forward into subsequent plans. An accessibility audit will be completed by the school prior to the end of each period covering this plan in order to inform the development of a new Accessibility Plan for the ongoing period.

Equality Impact Assessments will be undertaken as and when school policies are reviewed. The terms of reference for all governors' committees will include the need to consider Equality and Diversity issues as required by the Equality Act 2010.

Current Activities

At St Saviour's RC we gather information about any disability or health condition with parents/carers of children who are new to school. We also ensure that transition arrangements are organised throughout the summer term before the child starts school. This may include multi-agency meetings with parents/professionals and/or visiting the child in their current settings. The school SEND Policy ensures that staff identify, assess and arrange suitable provision for pupils with special educational needs and/or disability, working with Lewisham SEND Team, outside agencies, Health Professionals and Educational Psychology Services. The SENCO manages the Statutory Assessment process, ensuring additional resources, including staffing, are allocated where appropriate through additional high needs top-up funding. We have strong systems in place to ensure that we meet the needs of all of our pupils including Provision Mapping, which identifies children and interventions. These are produced and reviewed termly alongside whole school tracking systems.

All staff work together as a team to ensure strategies for improving pupils' behaviour and access to learning is effective. We are able to refer families to the Mental Health Support Team, and signpost parents to other support agencies eg. Family Coach, Young Carers, Family Thrive and Early Help.

Physical Environment

There are no areas of the school to which disabled pupils have limited or no access at the moment. Disabled pupils participate in extra-curricular activities. Some aspects of extra-curricular activities present particular challenges, for example, lunch and break times for pupils with social/interaction differences, after-school clubs for pupils with physical differences and school trips for pupils with medical needs, however all reasonable adjustments are made to support as full an involvement as possible.

Curriculum

With the support of parents and outside agencies, areas of the curriculum, for example PE, are adapted to the needs of children in school with physical differences. The school is aware that other issues may affect the participation of disabled pupils, for example: bullying, peer relationships, policies on the administration of medicines, the provision of personal care, the presence or lack of role models or images of disabled people, and follow school policies and procedures to ensure that these are all dealt with effectively. Where necessary, pupils have the necessary equipment in classrooms to enable them to be a part of the class and physically access the curriculum. Equipment may include; writing slopes, different chairs/seats, use of laptops etc.

Information

Different forms of communication are made available to enable all disabled pupils to express their views and to hear the views of others. PECS is used to aid communication. Access to information is provided and can be accessed in range of different formats on request, should this be needed.

Access Audit

The school is housed in 2 separate one storey buildings and an upstairs library. All entrances to the school are either flat or ramped and all have wide doors fitted. The main entrance features a secure lobby and has been fitted with a low reception hatch, this being fully accessible to wheelchair users. Whilst we acknowledge that the size of the school site could potentially present challenges when moving between buildings, we make reasonable adjustments as the need arises. The school does not have any dedicated visitor parking. Visitors to the school use on street parking, however suitable arrangements for disabled visitors are made when appropriate. There is a disabled toilet available in 1 of our buildings, which is fitted with a handrail and a pull emergency cord. The school has internal emergency signage and escape routes are clearly marked. Personalised evacuation plans are put in place as required.

The school also works closely with specialist services including:

Local Authority Provision delivered in school

- STEPS (Specialist Teachers and Educational Psychology Services)
- Drumbeat Outreach Team
- Educational Psychology Team (Amy Suddards)
- Sensory support for children with visual or hearing needs
- Drumbeat Outreach Team
- SALT (Speech and Language Therapy) Kate Carroll
- LAC (Looked After Children)
- Family Thrive/ Early Help Team
- Community Paediatrician
- Inclusion Outreach Team
- CAMHs (Child and Adult Mental Health)

Management, coo-ordination and Implementation and review

- We consult with other professionals and services when new situations regarding pupils with disabilities are experienced.
- The Governors and Senior Leadership Team work closely with the Local Authority.
- We work closely with parents to consider their children's needs.
- The policy is reviewed annually and/or as children' needs change.
- The annual review is then shared with staff.
- We make links with other schools to share best practice regular SENCO network meetings and other communications as needed.

Please see the Local Offer and SEND Information Report for further information about the facilities and support currently on offer at the school, which can be found on the school website.

Review and Implementation

The Accessibility Policy is reviewed annually by the Governing Body and Headteacher. In addition, the Accessibility Plan will be reviewed three yearly by all relevant parties.

Complaints

The school works wherever possible, in partnership with parents to ensure a collaborative approach to meeting pupil' needs. If there are any complaints relating to the provision for pupils with access needs these will be dealt with in the first instance by the Headteacher. The SEND governor or chair of governors may be involved if the complaint is not resolved satisfactorily.

St Saviour's RC Primary school Accessibility Plan

Aim 1: To increase the extent to which disabled pupils can participate in the school curriculum				
<u>TARGET</u>	<u>STRATEGIES</u>	<u>TIMESCALE</u>	<u>RESPONSIBILITIES</u>	<u>SUCCESS CRITERIA</u>
To comply with the Equality Act 2010.	<ul style="list-style-type: none"> • Review all statutory policies to ensure that they reflect inclusive practice and procedure 	On-going	HT All subject leaders Governors	<ul style="list-style-type: none"> • All policies clearly reflect inclusive practice and procedure
